

Mexican bias binding

About us

About Yuli

- Mexican bias tape manufacturer since 1962.
- Yuli has always been recognized by its quality products and the vast variety of colors in its portfolio.

Bias tape

Bias tape

Bias tape has multiple applications, it can be used as a facing, to finish seams, for decoration and for hemming.

- Strips of fabric that have been cut in a way that the warp threads become in an angle of 45° .
- As a result, a bias tape is stretchier and more drapeable than other kinds of tapes.
- Its flexibility allows it to adapt to any form without creating any folds while sewing.

Why choose Yuli...

- We are the company that innovated in the Mexican industry.
- We have maintained the best quality in the local market since 1962.
- We have the greatest variety of shades in the country.

Double fold bias tape

Premium

This is our original and top quality bias tape, made 100% cotton. We have offered this line since 1962 and have maintained its quality ever since. The Premium line offers more than 50 different shades.
